You can also get to Dashboard by clicking here, which opens a dropdown menu.

Select “Enduring Materials.”

The screenshot shows the FDA CE Dashboard interface. At the top, it displays the U.S. Department of Health and Human Services logo and the FDA U.S. Food & Drug Administration logo. The page title is "CE Consultation and Accreditation Team" under the "Division of Learning and Organizational Development" and "Center for Drug Evaluation and Research". A navigation bar includes links for Home, About Us, Calendar, Online Learning, Planning Tools, Policies, FAQ, and Contact Us. Below this, a "Dashboard" dropdown menu is open, showing three main sections: Profile, Credits, and Forms. The "Credits" section is highlighted, and the "Enduring Materials" link is selected, indicated by a red arrow. The "Forms" section lists several options: Disclosure of Relevant Financial Relationships with Ineligible Companies, Education Information & Professional Experience, Speaker Guidance, and Acknowledgement. A red arrow also points to the "Dashboard" dropdown menu. At the bottom of the page, a partial "Target Audience" notice is visible, stating: "Target Audience: This activity is intended for physicians, pharmacists, nurses and other scientists within the agency and external scientific community."

Select “Find Enduring Materials”

The screenshot shows the U.S. Food & Drug Administration website. At the top, there is a dark blue header with the U.S. Department of Health and Human Services logo and the FDA logo. The main navigation menu includes links for Home, About Us, Calendar, Online Learning, Planning Tools, Policies, FAQ, and Contact Us. Below the navigation, there is a user profile section for Amy Ly with a Sign Out button. The main content area is titled "My Enduring Materials" and contains the text "Use this page to view active enduring materials." A red arrow points to a blue button labeled "Find Enduring Materials". Below the button is a logo for a jointly accredited provider for interprofessional continuing education. The footer contains the FDA logo, contact information for the U.S. Food and Drug Administration, and copyright notices for 2023.

Assessment of Stromal Tumor-Infiltrating Lymphocytes

Starts On: Wed, 3/1/23: 12:00 AM EST
Ends On: Sun, 3/1/26: 12:00 AM EST
Type: Enduring Material
Credits: 3

Description: Tumor-infiltrating lymphocytes have been established as a prognostic biomarker in early-stage triple negative breast cancer. The assessment of the density of stromal tumor-infiltrating lymphocytes at the time of diagnosis may improve the accuracy of prognosis determination and inform therapeutic decision-making.

Course Content

- 1. Introduction to stromal tumor-infiltrating lymphocytes:** We discuss the immune system's role in mediating tumor progression and the statistics and literature that demonstrate how sTILs are prognostic biomarkers for patient outcomes and response to therapy in certain types of breast cancer.
- 2. TILs Education: What are TILs and their Assessment:** Video description of the steps of the sTILs assessment.
- 3. Pitfalls in the sTILs Assessment:** Discussion of example pitfalls encountered in the sTILs assessment.
- 4. The evaluation of tumor-infiltrating lymphocytes (TILs) in breast cancer: recommendations by an International TILs Working Group 2014**
